Organize
OSICON-27

From Science to Impact: Transforming Ocean Science for Society

10th National / 1st International Conference of Ocean Society of India

20–22 January 2027 • **Indian Institute of Tropical Meteorology, Pune, India**

➤ About OSI

Launched 19th March 2006 at Kochi to provide a forum for sharing knowledge across ocean science, technology and engineering. Registered at Kochi and functioning from CMLRE, OSI has eight chapters and a life membership of 960 (Aug 2026), and has run OSICON every two years since 2009. OSICON-27 is OSI's 10th national and 1st international conference, at IITM Pune, 20–22 Jan 2027, with keynotes from eminent experts and dedicated space for early-career researchers.

➤ Objectives

- Platform for oceanographers from India and abroad to share expertise
- Connect researchers with the international oceanography community
- Facilitate national and international collaborations

➤ Call for Abstracts

Submit via osicon27.in, up to 300 words, with title, author(s), affiliation(s) and five keywords. One abstract per first author; specify corresponding author, mode (oral/poster) and theme. OSI Best Paper Awards (under-40) span six themes — mark "Contest Paper".

➤ Conference Themes

- Physical Oceanography
- Chemical Oceanography
- Marine Geophysics & Geological Oceanography
- Biological Oceanography
- Oceans and Atmosphere
- Ocean Engineering
- Marine Microbiology & Biotechnology
- Blue Economy & Bioinformatics
- Remote Sensing & In-situ Observations
- Ocean Modeling
- Monsoon in a Changing Climate
- Polar & Cryospheric Studies
- Renewable Energy

➤ About IITM

An autonomous institute under the Ministry of Earth Sciences, IITM Pune advances understanding of the tropical atmosphere, ocean and land system — monsoon dynamics, climate variability, modelling, atmospheric chemistry and Earth System science. IITM conducts multidisciplinary research spanning atmospheric sciences, monsoon dynamics, weather and climate processes, climate variability and change, observations, numerical modelling, atmospheric chemistry, cloud and precipitation physics, and Earth System science.

📅 Important Dates

- **Registration : 10 Sep 2026**
- **Abstract submission : 10 Sep 2026**
- **Abstract deadline : 30 Oct 2026**

➤ Travel & Accommodation

- Free accommodation for limited student participants, based on availability
- Travel support for limited student participants

➤ Contact Us

Convener : Dr. P. Swapna
Co-convener : Dr. Aditi Deshpande

Exploring • Understanding • Sustaining
...+...
FROM SCIENCE TO A BETTER TOMORROW

➤ Registration

- Research Scholar/Students : INR 3000
- Project Scientists : INR 4000
- OSI/IMS Members : INR 5000
- Non-Members : INR 6000
- Industry : INR 7000
- Intl. Students : USD 50
- Intl. Participants : USD 100

Includes kit, sessions, inaugural function, lunch & cultural events. Non-refundable.

➤ Sponsorship

~600 researchers expected from India and abroad. Multiple sponsorship tiers available — reach a targeted ocean science audience.
